

Bryan Stever

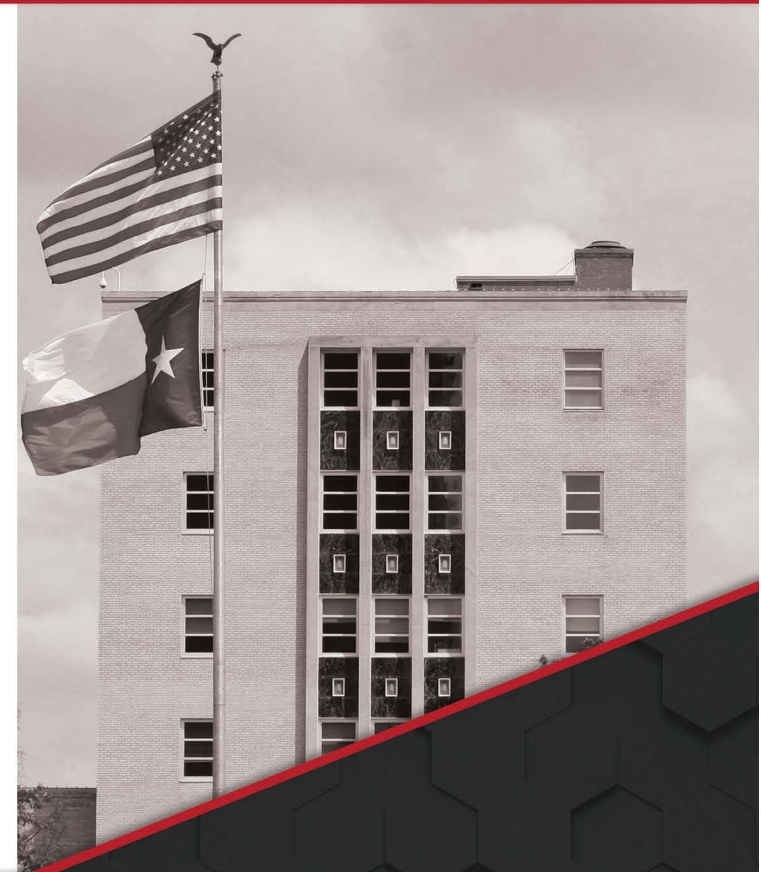

Owner

We have over 20 years of experience working with attorneys, assisting in the courtroom, and presenting evidence in-trial. We have worked on 100+ trials and worked on over 400+ cases.

It is our goal to display the evidence in a way that is easily identified and understood by the jury.

LITIGATION SUPPORT SERVICES

Best EP is a full-service trial presentation and litigation support company, specializing in in-trial evidence presentation.

We offer complete start-to-finish trial consulting services, including: Document Management, Exhibit Production, In-trial Support, Deposition Clip Creation and Courtroom Equipment Setup.

Our experience ranges in a variety of civil matters, in both State and Federal courts; including Intellectual Property, Construction Defect, Roadway Design, Personal Injury, Use of Force and Officer Involved Shootings

We use current and proven technology to prepare and display your evidence.

Two decades of litigation support experience allows us to anticipate the needs of our clients and exceed their expectations.

You can be certain that we will work with your team to make your case the best it can be.

903.221.9727

Jurors expect technology to be part of a trial. Use technology to present the evidence and capture the attention of your jury.

How you present evidence affects your credibility just as much as what evidence you present.

Having someone on your team who specializes in courtroom technology lets you to focus on the witness and their testimony.
